

## Astrology - Birth Stars in the Making of a Eunuch

The author is a firm believer of astrology.

The Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn, Uranus, Neptune, Pluto, Rahu, Ketu and Chiron constantly emit rays. These rays join the rays of the cosmos and at a particular location, jointly write the future of the newborn child in his most nascent form.

### Birth Stars Causing Gender Loss

Our zodiac has 12 solar mansions of which odd signs Aries ♈, Gemini ♊, Leo ♌, Libra ♎, Sagittarius ♐ and Aquarius ♒ are male signs and rest Taurus ♉, Cancer ♋, Virgo ♍, Scorpio ♏, Capricorn ♐ and Pisces ♓ are female ones. **Sun ☼ Mars ♁ and Jupiter ♃ are male planets while Moon ☾, Venus ♀, Mercury ☿ and Saturn ♄ are female.**

**Mercury C, common signs of which two ruled by Mercury – Gemini and Virgo and rest two ruled by Jupiter F – Sagittarius ♐ and Pisces ♓, constellations ruled by Mercury - Ashlesh, Jyeshtha and Rewati have common gender tendencies.**

Even today, sometimes our body expresses primitive genetic behavior by giving birth to hermaphrodites i.e. a child with both male and female sex organs. Moon in ascendant in common signs (**What are common signs?**) with Saturn **G** and Mercury ill aspect by Mars **t** may produce hermaphrodites. Gemini and Sagittarius produce she-males with male behavior and Virgo and Pisces produce she-males with female behavior.

Lack of proper internal and external sex organs may produce eunuchs. This may be caused when Libra **g** and Scorpio ♏ signs or Venus **D** and Saturn **G** are afflicted in IV or VII house. Affliction may be in the form of both being retrograde, ill-position, ill aspect from Mars **t**, Rahu **n**, Ketu **u** and Neptune **I**. They affect proper development of male or female organs and as such the body lacks organs developed due to male/female hormones.

In such cases, affliction to Venus **D**, Moon **B**, Mercury **C** and Saturn **G** with Venus **D** / Moon **B** dominance, produce female eunuchs whereas above affliction with Mars **t** / Sun **A** dominance produce male eunuchs.

Not all eunuchs are subjected to castration, as some may not need to be. Some are subjected to castration when their Mars **t** is heavily afflicted with Saturn **G** and/or Ketu **u**.
